SOLUTIONS

Welcome to HMcare

The day we complete your installation is the day we start the next phase of our relationship. That is when HMcare begins - our remote and on-site support for your system. It's our responsibility to be sure all the bits and pieces that make up your technology solution operates as good today as tomorrow, and for years to come. We treat your home as a respite from the outside world. We take care of system integrations, programming, software, networks, connectivity to your internet service; as well as diagnosis, troubleshooting, monitoring, updates and maintenance. Additionally, we schedule periodic health visits to clean, calibrate, update and run performance checks on your system.

Remote access and monitoring may require additional equipment. Remote monitoring may not be possible for all devices. System repairs subject to manufacturer warranties. New programming and system upgrades are billed at current rates. Travel charges may apply for site visits more than 10 miles from our offices. Service loaners subject to availability for Concierge level. Service hours may vary depending on your building's access rules. Non-HMS systems require on-site evaluation and may require possible plan changes. Terms and conditions subject to change with 30-days notice. *After hours/holiday on-site service available at \$350 per hour. **Excludes video and applies to equipment purchased at HMS only. Equipment replacement not covered. System requires surge suppressor. See agreement for details. ***Contingent on geographical service areas available. **PER-INCIDENT SERVICE IS BILLED AT \$200 PER HOUR FOR REMOTE OR ON-SITE. RESPONSE TIME AND SCHEDULING IS 'AS AVAILABLE.'**

25 Point Wellness Checklist

- White glove cleaning of audio and video components

- Check all batteries in remote controls, touchpanels...
- Ensure all wiring is neatly installed and properly labeled
- Conduct firmware updates as required
- Reboot all CATV, Dish and ISP devices
- Review control and network logs for security and errors
- Backup all programs and system configurations
- Check temperature of all equipment closets and cabinets
- Inspect fans for failures, jams, or dust build-up
- Verify operation of all speaker zones and control devices
- Validate all audio/video presets and favorites
- Test all lighting zones, scenes, and keypads
- Check all motorized shades, set limits, and test controls
- Verify all connected alarm devices
- Calibrate audio and video components as required
- Check bulb life on video projectors
- Check voltage at all surge devices where measurable
- Verify power to all wireless access points
- Conduct a wireless (wifi) bandwidth and coverage test
- Run internet speed tests
- Ensure jobsite is properly cleaned prior to departure
- Discuss any known issues or questions with the owner
- Explain priorities for next scheduled visit and review any required service call follow-ups
- Review new technologies with client

FAQ

Q: Why do I need a Performance Plan?

A: We can now do most maintenance, updates, support and even system repairs remotely. If there's a new update that would normally require a home visit, we can often perform the maintenance right from our office without interrupting you for a home visit. This reduces time and expense for you and for us.

Q: Is my system reliable?

A: More than ever. We rarely replace hardware. But there are constant software updates, not only on what we installed, but on your mobile devices, streaming platforms and internet services.

Q: What if I'm not on a Plan?

A: You can choose to pay per incident and by the hour, but won't receive priority scheduling, extended hours or over a dozen other benefits. In fact, you'll likely pay more than if you were on a plan.

Q: What can we monitor and update remotely?

A: Just about any device that's connected including all critical system automation and networking hardware... exactly the items that are most dependent on software updates.

Q: What can't we monitor?

A: Older hardware like some TVs and a few 3rd party apps.

Q: How do my manufacturer warranties fit in with the Plans?

A: Your manufacturer warranties are fully in effect.

Q: Do I need to sign a contract?

A: Yes, we offer an annual agreement that automatically renews.

Q: How are the plans paid?

A: Our Performance Plans are paid monthly or yearly.
